

**KALOJI NARAYANA RAO UNIVERSITY OF HEALTH SCIENCES
TELANGANA, WARANGAL – 506 002
MPH FINAL YEAR DEGREE SUPPLEMENTARY EXAMINATIONS: MAY, 2025**

**GENDER VULNERABLE POPULATION, NATIONAL HEALTH, NUTRITION
PROGRAMME AND RECENT/EMERGING ISSUES**

Time: 3 Hours

Max Marks: 70

Note: Answer all questions.

Give Diagrammatic representation wherever necessary.

PART A (Gender and Vulnerable Populations questions) = 35 marks

Write an essay on the following:

1 X 10 = 10

1. Define vulnerability in the development context. What are the some of the main types of vulnerability and who are some of the vulnerable populations that would fit this criterion? List at least 4 such groups. How are the health outcomes of these vulnerable populations impacted?

Write short note on the following:

3 X 5 = 15

2. What are some of the key differences (list at least 3) in health outcomes between rural and urban populations in India?
3. What are some of the risk factors that are unique to children and which impact their health outcomes?
4. During the recent pandemic, what was the impact on disabled populations as related to health services access, programme implementation, vaccination etc?

Write briefly on the following:

5 X 2 = 10

5. Write a short note on the differences in health care challenges faced by rural and urban men?
6. What are some of your recommendations or solutions to improve health outcomes in vulnerable populations? Pick any one vulnerable group, list the issues that you think are important and how you think they can be resolved or improved?
7. What are vulnerabilities of elderly or geriatric populations and what are some of the health care needs unique to them.
8. Adolescent girls' health.
9. Health care challenges faced by tribal population in India.
