Modification of MBBS Seat Matrix for the Academic Year 2026–27

National Medical Commission, vide Ref. No. U-15029/09/2025-UGMEB (e-8348349), dated 10.09.2026, Government of India, has notified the seat matrix for admission into MBBS course for the Academic Year 2026–27 on 10.09.2026.

As per the seat matrix notified by the National Medical Commission, the total number of MBBS seats sanctioned for TRR Institute of Medical Sciences is displayed as 150 seats, as against 200 seats considered in the seat matrix issued earlier by the University.

Accordingly, in view of the revised seat matrix notified by the NMC, the total MBBS seats of TRR Institute of Medical Sciences are required to be revised from 200 to 150 seats, resulting in a corresponding reduction of 25 seats each under CQ and MQ.

In view of the above, the original seat matrix issued by the University for the First Phase of Counselling under Management Quota (MQ) is hereby modified accordingly by reducing the MBBS seats of TRR Institute of Medical Sciences from 100 to 75 seats.

Further, the MBBS seat matrix under Competent Authority Quota (CQ) for the Second Phase of Counselling has been prepared accordingly, taking into consideration the revised total intake of 150 MBBS seats as notified by the NMC on 10.09.2026.

The revised seat matrix which is displayed on university website on 11.09.2026 shall be applicable for the respective phases of counselling for admission into MBBS course under MQ and CQ for the Academic Year 2026–27.
